Birmingham Business Park is pleased to announce our first Resource Matching Workshop in partnership with the Circular Economy for Solihull and Birmingham (CEBAS) project. A resource matching workshop brings together businesses with a common goal in mind – to save money by improving the way they manage resources and waste materials. This unique CEBAS event aims to enable businesses to identify new opportunities between delegates at the event through the matching of resources, including waste, energy and water. The workshop is open to businesses of any size or sector and is suitable for both manufacturing, construction and office-based businesses alike. Whether it is office furniture, cardboard, or plastic packaging you might be looking to get rid of, we can help with the process of rehoming or reprocessing your items. To take part, please email lori@birminghambusinesspark.co.uk by Thursday 28th November

At Birmingham Hospice cares for up to 800 people daily and need our support in collecting 800 selection boxes or chocolate treats as a heartfelt thank you. These gifts will not only show appreciation to their dedicated staff but also bring a touch of warmth and happiness to those in care and staying at their hospice this Christmas. Your generosity will make a big difference. Drop off donations to the Birmingham Business Park Management Hub
